## Retail Utility Cart

Newcastle Systems has designed a new compact cart known as the **RC Series**. It continues the modular concept of other Newcastle Systems' carts creating a full workstation solution.

With its sleek support members it can fit in a wide variety of applications including retail. Its small footprint makes it perfect for narrow aisles and small spaces. Designed with 5" swivel casters, it ensures easy maneuverability in any environment.

# Retail Utility Cart

Newcastle Systems' rugged cart is constructed with 11 gauge steel and fully reinforced surfaces. It has been designed to handle rough treatment while holding up over time. The RC Series is a highly versatile cart which can be used in many departments. Each cart includes an 18" wide storage compartment for storing miscellaneous items such as documents, note books, other stationary items, and tools.

## Complimentary accessories for added functionality:

- B100 Adjustable keyboard tray
- B123 Adjustable 16" x 16" shelf
- B128 3" drawer
- B132 Scanner holder
- B230 Power strip, 4 outlets

**\*\*Optional power packages available upon request\*\***

**Full storage on lower shelf**

**Scanner holder**
